EDUCATION

Thapar Institute of Engineering and Technology

2023–2027

Bachelor of Engineering, Computer Engineering- CGPA - 8.30

Patiala, India

Rose Mary Convent School

2021 – 2023

Class 12th- Percentage - 81.8%

Bathinda, India

St. Xavier's High School, Rampura Phul

2021

Class 10th- Percentage - 93.4%

Bathinda, India

PROJECTS

Intervuo – AI Interview & Resume Analysis Platform

Technologies: Python, NLP, MySQL, JavaScript, React.

- Engineered an **AI-driven** interview preparation platform automating **resume screening** and **mock interview evaluation**.
- Built a **speech-to-text** pipeline to convert spoken interview responses into structured text for downstream analysis.
- Developed **NLP-based** text preprocessing and analysis techniques to evaluate resumes and candidate responses.
- Automated generation of **structured feedback reports** summarizing candidate performance.

Connectra – Influencer Booking Platform [↗](#)

Technologies: HTML, CSS, Bootstrap, JavaScript, JQuery, NodeJS, MySQL.

- Architected a **full-stack** collaboration platform connecting digital creators with brands for marketing campaigns and sponsorships.
- Designed **dual-role workflows** enabling brands to post campaigns and creators to apply, manage profiles, and showcase portfolios.
- Built a **normalized MySQL** schema with **Node.js-based routing and authentication** to support secure, scalable data access.

The Cluster - Gym Management System [↗](#)

Technologies: HTML, CSS, Bootstrap, JavaScript, JQuery, NodeJS, MySQL.

- Built a **centralized gym administration platform** to manage multiple gyms through a unified dashboard.
- Digitized paper-based record-keeping into a **secure, accessible, and scalable** web platform.
- Implemented **backend logic** and **relational database schemas** to ensure reliable data storage and retrieval.

TECHNICAL SKILLS

Languages: C/C++, Python, JavaScript

Web Development: HTML, CSS, Bootstrap, JQuery, Node.js, Express.js, React.js

Databases: MySQL

Libraries: Numpy, Pandas

Other Tools and Technologies: VS Code, PyCharm, Jupyter Notebook, GitHub, Google Collab

Relevant Coursework: DSA, OS, OOPs, DBMS, ML

POSITION OF RESPONSIBILITY

Pratigya Abhiyan

2024–2025

Volunteer

- Taught underprivileged children, contributing to academics, personality development, and co-curricular activities.

ACHIEVEMENTS

- Qualified for Round 2 of HackVega 2026, a national-level engineering challenge organized by HirePro.
- Solved 350+ problems on LeetCode across Data Structures and Algorithms.
- Earned 50-day and 100-day coding badges on LeetCode for persistence and consistency.
