EDUCATION

Thapar Institute of Engineering and Technology

2023– 2027

Bachelor of Engineering, Computer Engineering- CGPA - 8.23

Patiala, India

Rose Mary Convent School

2021 – 2023

Class 12th- Percentage - 81.8%

Bathinda, India

St. Xavier's High School, Rampura Phul

2021

Class 10th- Percentage - 93.4%

Bathinda, India

PROJECTS

Connectra – Influencer Booking Platform [↗](#)

Technologies: HTML, CSS, Bootstrap, JavaScript, JQuery, NodeJS, MySQL.

- Designed a web-based collaboration platform connecting digital creators with brands for marketing campaigns and sponsorships.
- Implemented dual-role workflows enabling brands to post campaigns and creators to apply, manage profiles, and showcase portfolios.
- Built a structured MySQL database with Node.js-based routing and authentication to support scalability.

Intervuo – AI Interview & Resume Analysis Platform

Technologies: Python, NLP, MySQL, JavaScript, React.

- Designed an AI-driven interview preparation system focused on automated resume screening and mock interview evaluation.
- Implemented speech-to-text functionality to convert spoken interview responses into textual data for analysis.
- Applied text preprocessing and natural language analysis techniques to assess resumes and candidate responses.
- Generated structured feedback reports based on analysis of candidate resumes and responses.

The Cluster- Gym Management System [↗](#)

Technologies: HTML, CSS, Bootstrap, JavaScript, JQuery, NodeJS, MySQL.

- Developed a centralized gym administration application to manage multiple gyms through a unified dashboard.
- Replaced traditional paper-based records with a secure, accessible, and scalable digital platform.
- Implemented backend logic and relational database structures to ensure secure storage and reliable data access.

TECHNICAL SKILLS

Languages: C/C++, Python, JavaScript

Web Development: HTML, CSS, Bootstrap, JQuery, Node.js, Express.js, React.js, React Native

Databases: MySQL

Libraries: Numpy, Pandas

Other Tools and Technologies: VS Code, PyCharm, Jupyter Notebook, GitHub, Google Collab

Relevant Coursework: DSA, OS, OOPs, DBMS, ML

POSITION OF RESPONSIBILITY

Pratigya Abhiyan

2024–2025

Volunteer

- Taught underprivileged children, contributing to academics, personality development, and co-curricular activities.

ACHIEVEMENTS

- Qualified for Round 2 of HackVega 2026, a national-level engineering challenge organized by HirePro.
- Solved 350+ problems on LeetCode across Data Structures and Algorithms.
- Earned 50-day and 100-day coding badges on LeetCode for persistence and consistency.
